

IVM AM-10 – AUTOMATIC FEEDER FOR HANDLE

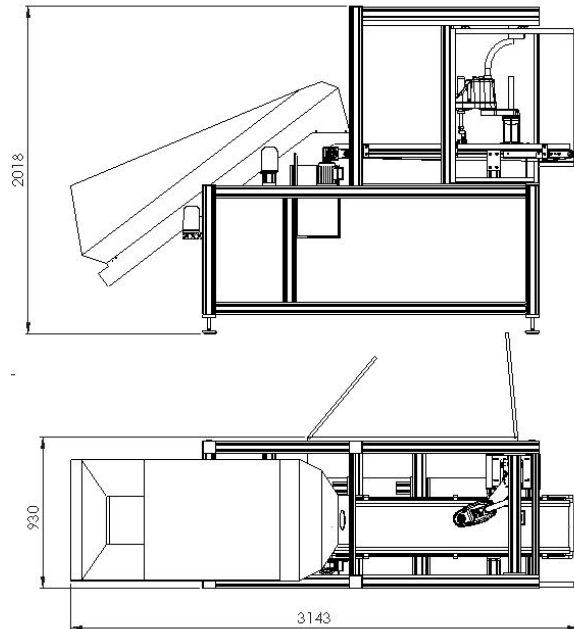

Position n° 06

Automatic feeder for brush handle with robot and vision system. Loading hopper made of inox steel with capacity of 200 liters.
Hourly productivity 1450 pieces. Remote assistance available.

TECHNICAL DATA

Dimensions	3143x930x2018
Weight	485 Kg
Operating voltage	380 V/ 50 Hz
Electrcal consumption	4.2 A
Power absorbed	1.09 Kw
Single power cable (Not in assembly line)	5G2.5
Working pressure	6 Bar
Maximum pneumatic consumption	200 L/min
Working temperature	Min. 5°C Max. 40°C.
Humidity	Min. 8%, Max. 80%.
Noisiness	>80Db

MACHINE COMPONENTS

1	Elevator	1
2	Rear illuminated belt	1
3	Robot	1
